&
Parent Code of Conduct

This Code of Conduct was developed by the 7th District Agricultural Association (DAA), who operates under the auspices of the California Department of Food and Agriculture, Division of Fairs and Expositions, for the primary purpose of producing the annual Monterey County Fair. The Code of Conduct is further enhanced with additional rules and regulations, including the State Rules.

Junior Livestock Exhibitor Code of Conduct (Part I)

Policies for Exhibitor Conduct

1. Direct criticism or interference with the judge, show management, other exhibitors, breed representatives or show officials before, during, or after the competitive event is PROHIBITED.
2. Exhibitors shall use respectful language. No foul or abusive language or gestures will be tolerated.
3. All junior livestock exhibitors must groom and wash their own animals while they are on the Fairgrounds. Any assistance must come *ONLY* from another junior livestock exhibitor who is exhibiting an animal at the 2020 Monterey County Fair, identified by a wristband issued by the Fair. Parent or adult assistance is not allowed. Adult verbal assistance is allowed. The Fair's designated Livestock Species Superintendent will oversee barns and all enforce rules.
4. Parents or adults are allowed to assist in feeding livestock exhibits on THURSDAY & FRIDAY of Fair only.
5. Possession of any weapon or illegal drugs on the Fairgrounds, is prohibited.
6. Possession of alcohol or consumption of alcoholic beverages on the Fairgrounds, and/or being under the influence by any underage exhibitor (minor) on the fairgrounds is prohibited.
7. Use of fireworks or sparklers is prohibited on the Fairgrounds. Smoking or vaping of any kind is allowed only in the designated location on the Fairgrounds and not allowed by any underage exhibitors
8. Any exhibitor whose conduct jeopardizes the health and safety of another exhibitor, animal, or the public, will be immediately expelled from further participation in the 2020 Monterey County Fair and possibly future fairs. The exhibitor and their animal(s) are to be removed from the grounds immediately and lose the opportunity to show and sell his or her animal(s) through the Junior Livestock Auction. Health or Safety issues include, but are not limited to, the actions involving weapons, alcohol, illegal drugs, or fireworks, as mentioned in items #5-7 above, and not caring for, i.e. feeding and watering, the exhibitor's animal project.
9. If animal(s) have been sold in the Junior Livestock Auction and Rule # 8 needs to be enforced the animals will remain on grounds.

Policies for Animal Treatment

1. Any effort to artificially change the conformation or appearance of an animal by treating the animal, internally or externally, with any irritant, counter-irritant, or other substance is considered unethical, inhumane, and is prohibited. Treatments that are prohibited include, but are not limited to, the use of artificial hair coloring (sprays, etc.) excessive use of common products such as fly spray, ointments or liniments or other similar products. Excessive use is defined as the use of a substance to the point that it irritates the animal. For reference livestock can be fit with livestock show supply spray paint from the knees and hocks down. Cattle may have livestock show supply spray paint applied to tail heads, tails and tail switches.
2. Adding false hair or hair-like material, fleece or skin to any portion of the animal's body is not allowed and will result in immediate disqualification. Causing the animal to ingest any liquid or substance not considered part of an accepted and normal livestock diet, or in quantities not considered normal for livestock, is deemed illegal and inhumane. For example: the use of alcoholic or carbonated beverages as a drench or filler.
3. The use of tranquilizers, sedatives, or depressants, which alter the physical or physiological state of the animal, is not allowed. Exceptions to this rule would be a California Licensed Certified Veterinarian's treatment for recognized disease or injury, or recommendation for tranquilizing breeding animals in heat that might compromise the safety of others. The Livestock Office must receive notification from the Licensed Certified Veterinarian of the details of any such prescribed treatment in writing. The substance used in this treatment must have been approved by The Food and Drug Administration for use in meat producing animals.

4. It is the responsibility of the exhibitor to feed, water and care for any animal they have entered in the Fair throughout the entire fair, including any period following the sale of the animal prior to the end of the Fair (with exception of dates in Section 1, #4). All market animals must be given a final watering approximately 4 p.m. on Monday, September 7, 2020 to ensure that the animal arrives in a healthy condition at the harvesting plant.
5. Any animal that appears ill or injured while at the Fairgrounds must be reported to the livestock office. A veterinarian must check any animal considered unhealthy. If it is determined that the animal is carrying a communicable disease, the animal will be removed from the Fairgrounds. The Fairgrounds will not assume the cost for this action. The exhibitor must assume the full expense of the veterinarian's services.
6. Any animal that is determined to be unmanageable, or could be a safety hazard to the public, will be removed from the Fairgrounds. The Livestock Superintendent/Fair Management makes this decision final.
7. It is considered abuse to excessively shrink or excessively exercise an animal.
8. Other than to reduce higher than normal body temperature of an animal that is overheated ice is not to be applied to the body of an animal. Ice in a bucket of water is permitted. No cooling devices, electrical stimulation tools or shockers may be used. Ice used to cool down the body temperature of a hog is acceptable.
9. Physical abuse of an animal will not be tolerated. For example: when moving hogs, care should be taken not to excessively beat or hit an animal (either by a person or with an object).
10. For the safety of the animal and the public, animals are not to be left unattended on fitting tables or in blocking chutes.
11. All lambs and goats must be shown with their front feet on the ground as practiced by acceptable showmanship procedures. If this policy is not followed, the judge may ask the exhibitor to leave the ring, or may place the exhibitor at the bottom of the class.
12. During animal weigh-in, while at the scale, or any time during the fair or on arrival times, a certified veterinarian will check all sheep and goats for any infectious disease, open sores, abscesses, injury, parasites or any unhealthy condition. Those animals determined to have an infectious disease will be asked to immediately leave the fairgrounds. For example: animals found to have live active Ringworm or active Sore Mouth will be asked to leave the fairgrounds, It is strongly suggested that the health of each animal be evaluated prior to coming to the Fair. The Fair Association is not responsible for any costs associated with the transfer or care of these animals.
13. Exhibitors should remember that the cost of the junior livestock programs are offset in part by the general public, therefore the livestock area needs to be presentable at all times. All livestock stalls/pens must be cleaned out daily before 8:00 a.m. and exhibitors should make every effort to keep the barns clean at all time for the public.
14. Exhibitors shall be responsible for security of their animals in stalls or pens. All beef cattle and dairy cattle shall be securely tied with a neck rope in addition to a suitable halter. All sheep, goat, and swine pens shall be securely closed and fastened before the exhibitor leaves the barn area. Please do not put padlocks on any gates or pens.

Consequences for Violation of Exhibit Policies

1. If any violation of policy occurs prior to the junior livestock auction, the exhibitor will not be allowed to sell his/her animal.
2. If the violation occurs after the junior livestock auction, the exhibitor will receive only market resale value (as determined the day of the auction) for the animal. Any remaining money paid by the buyer in purchasing the animal through the auction, will be placed into a general scholarship fund or put towards educational purposes at the fair. The buyer will receive the animal.
3. **If it is determined that an exhibitor has violated the Fair's Code of Conduct or other exhibit policies, the exhibitor will be removed from the grounds and may not exhibit livestock at the following year's fair. For example:** An exhibitor who violates a rule and is removed from the grounds in 2020 will not be allowed to exhibit livestock at the 2021 Fair. The exhibitor may then request in writing to exhibit livestock at the 2022 Fair. This request will be reviewed by the Board of Directors prior to an official entry being accepted.
4. Direction shall be focused more on the exhibitors excelling in leadership, education, and citizenship with their livestock projects.
5. Minor violations of exhibit conduct, not involving health or safety concerns, may be given one (1) verbal warning. This verbal warning will be documented and noted by a signature from the exhibitor and Livestock Superintendent or Fair Management. On the second violation, the exhibitor will be asked to leave the fairgrounds and any awards and/or auction check will be withheld.
